2nd Verse

If you keep your eyes pealed you will see others in distress
Please don't let them end up broken and a mess
If you see a bully kick them in the nuts
Then innocent people won't have to deal with all the fuss

Chorus
3rd Verse

Past mistakes forgiven don't live life in regret
But still things aren't working we haven't fixed it yet
Can't you see its broken and someone could get hurt?
Please look after others I think we should have learnt

Chorus
4th Verse

If someone's being nasty and you see that they don't care
Don't just ignore it cause that's not being fair
It's really very dangerous to let bullies hurt another
I think we all could learn to support each other
