

In Memory *by Amanda Kay*

1st Verse

Dm C Am Dm
Goodbye, it's been a while
Dm C Am
Since I last saw your face
Dm C Am Dm
But I clearly remember your smile
Dm C Am
It brightened up the everyday

Chorus

Em⁷ Bm^{sus4}
Blue sky, bright sands and your weather beaten look
Em⁷ Bm^{sus4}
Dry hot sun, the thirst for shade and your calm, clear gaze

2nd Verse

Gracefully helping others
When you saw them wanting
Laughing as you look up from a book
That you were reading

Chorus
3rd Verse

Laughter just tickling the corners of your mouth
As if a joke is on your mind
I'll remember you as one of life's adventurers
Who found peace inside themselves, if only for a while

Chorus (instr)
Repeat 1st verse
