

## John's Song *by Amanda Kay*

1<sup>st</sup> Verse

**A G F# F Am**  
John this is a song for you  
**A G F# F Am**  
You've hurt us all what can I do  
**G A G F# F Am**  
My mother I love her and you know that  
**G A G F# F Am**  
What you've done I can't control it

2<sup>nd</sup> Verse

To care to share to then let go  
To you it's fair I can't say no  
But what about the love you do leave  
To end this love it makes me grieve

3<sup>rd</sup> Verse

I'll cry so will all of us  
The choice is yours it's not enough  
You hurt my Mum whose heart is gold  
Now lonely you will grow old

4<sup>th</sup> Verse

Now I know love is faithless  
There is no honour I can't say less  
You hurt my Mum whose heart is gold  
Now lonely you will grow old

5<sup>th</sup> Verse

You'll find another this may be true  
But really I feel sorry for you  
Because you don't know it but you've had the best  
How will you compare the rest?
